⁶ An "educational component" is a self-contained and formal structured learning experience that features learning outcomes, credits and forms of assessment. Examples of educational components are: a course, module, seminar, laboratory work, practical work, preparation/research for a thesis, mobility window or free electives.

⁷ In countries where the "ECTS" system it is not in place, in particular for institutions located in partner countries not participating in the Bologna process, "ECTS" needs to be replaced in all tables by the name of the equivalent system that is used.

⁸ The sending institution should fully recognise this number of ECTS credits and any exception to this rule should be documented in an annex of the Learning Agreement and agreed by all parties.

If successfully completed, the educational components of the study programme abroad will be recognised by the sending institution in the following way:
